

Hi Helena Schroder

Thank you for taking the time to talk to us about you and your practice. Your interest in our platform is very important to us and so we have taken the liberty to provide you with a *Features Package* that summarizes what Remport could offer your business. Practitioners such as yourself are exactly the persons we want to support with this platform.

Our commitment to Homeopathy and natural healing

Remport is a push forward for Homeopathy and alternative medicine. Along with our parent company, Canadian Homeopathy Wellness Group, we are actively working towards empowering patients and practitioners of natural medical systems in Canada and around the world. We are committed to Homeopathy and natural healing in every aspect of our business, from how we shape our services to the type of insurances and benefits we provide our employees. Our motto is being the change we want to see in the world, and it all starts with what we decide to do with everything we are given.

OUR MISSION

To give power to practitioners of medical systems that focus on natural health.

Be there, for them.

More and more people are looking for alternatives to their health needs.
Together, we can be there for them at the right place and the right time.

remport

Your journey. Our mission.

Digitize your practice

Why spend unnecessary large amounts on bland websites that may very well deter visitors rather than gain their interest. **Remport** gives private practices a chance to get digitized affordably, with features that make sense.

A beautiful profile

Create a digital space for your practice on a profile that is beautiful and fully customizable. Attach your services, media, resources and background information to create an online home for your clinic.

Create your own services

Create your bookable services fast and easy. Select their titles, prices, visuals, and attach the appropriate health forms for your patients to fill-out.

Upload informative resources

Your patients naturally have many questions. Impart knowledge about your skills, your clinic and other professional information through resources supported by all document types.

Schedule & booking system

Free up hours of manual work with Remport's scheduling & booking system. Plug in your desired schedule and watch your calendar fill-up all on its own.

A customizable clinic profile

A one-stop profile to showcase your practice in all its glory. With features that enable you to display your media, services, educational background and informative resources – all the elements that make your practice unique.

On a powerful directory

Connected to a directory that is powered with built-in SEO, and features a clean and responsive design with easy-to-use filter engines and geo-location.

Upload photos and media

Add media that showcases what your practice is all about. Upload clinic photos, certifications, and other various visual elements that make up your business.

Display certifications and other milestones

Your skills are backed by experience and education. Use your clinic profile to showcase the learning experiences that make you the right practitioner for your patients.

Badges

Remport enables you to further differentiate your practice from others. Sporting a badge program that tracks your specific milestones and accolades. Paired with personal skill badges, your practice will completely stand out from the rest.

Create and upload your services

Your services are the heart of your practice, and you help it beat everyday. Easily plug your services' names, descriptions, and prices. Add visuals and the appropriate health-forms, and you have yourself a beating heart.

Custom title

Ditch the hard-coded title choices and create your own custom ones for each of your services.

Adjustable times

Decide and adjust your own service durations.

Attach forms to your services

Skip the tedious process of keeping up with who-has-what when it comes to health forms. Attach single or multiple forms to your services, and your patients will easily receive them upon booking.

Adjustable prices

Decide and adjust your own prices. Edit prices on-the-fly to support any discounts and promotions you may offer.

Scheduling & Booking

The market is filled with general, M.D. – leaning booking systems. **Not Remport.** Built with the alternative medicine practitioner in mind, our scheduling and booking system will free up hours of time you would otherwise spend on tedious phone-calls, emails, and texts.

Patients can book appointments

Your patients can book services directly through your profile, simply selecting your available days, times and various payment options.

Adjustable schedule

Adjust your shifts throughout the week. Add your desired breaks, in-between appointment intervals, and even your holiday schedule.

Manually add appointments

On Remport you have the power. Manually add appointments, customers, and contact information when you need to.

Virtual appointment integrations

Why stop at in-person appointments? Integrate your ZOOM account and conduct virtual appointments directly on Remport.

Share your resources

A large part of being a great practitioner, is imparting important knowledge to your patients. No sweat. **Remport** allows you to display resources directly on your clinic profile. Whether they are publications, information pamphlets or simply programs that introduce the services you offer, we have you and your patients covered.

Supports PDFs

Full support for PDFs means you can easily convert any document and upload it to your profile as a resource.

Modify on the fly

Information changes rapidly. Add, modify or remove your resources on-the-fly. Show your patients that natural health is far from stagnate.

Add covers and visuals

The right visuals can make your profile even more unique and inviting. Create and upload covers for your resources, and make a visual impact on your patients.

No limits on creativity

Instead of restrictive website design, use Remport's PDF support to harness your creativity using the countless of image creation platforms out there. Create a branded, seamless look for your resources, and the rest of your digital clinic.

Integrations & Automations

A clinic manager wouldn't be a successful one without automations. Automatic reminders for patients helps grow the trust between you and your clientele, whereas payment integrations allow you to connect your bank accounts and receive payment directly via Remport.

Automated emails

Let Remport work for you, with automated reminders, notifications, confirmations, and cancellation emails.

Receive direct payments

Payment integrations means your patients have the ability to pay you directly through Remport. Our platform supports Stripe, Square and Paypal accounts.

Mobile-friendly

Remport is ready to serve you on-the-go. With full mobile-browser support, you can count on Remport wherever you are.

SEO-powered

Remport is equipped with automatic SEO, so that your practice is visible on all search engines. More reach covered by your practice can provide more medical assistance for the people around you.

We look forward to helping you help others

Helping practitioners leads to helping patients. Collaboration with leaders of natural health is our immediate goal to help us define a better future for patient-centered medicine everywhere. It is within our grasp to decide whether or not we take everything that is currently happening in our world as a sign to push forward and introduce real solutions and real alternatives to the people who want it. That is why we are in the business of opening doors for practitioners who follow a real patient-first mantra.

If you are interested in using Remport and see yourself being a part of a uniquely progressive platform, you can visit our website at mychwg.com/remport to get started.

OUR VISION

To become the world's most valued service provider to practitioners of natural healing.
